When you register, please provide an accessible email address, e.g., Bokkie123@gmail.com and create an applicable password that you will remember. Your password needs to include numbers, letters, and special characters, e.g., @YourName123#.

Your email that you register with must be a legitimate and accessible account.

Then go into your email account that you used to register with and verify your email account quickly (you will receive an email from MyBokSmart). If you do not verify your account quickly, you will be locked out, and an administrator on MyBokSmart side will have to enable your account again (standard cyber security protocols).

ONLY register ONE email address on the system please, as this is linked directly to your ID number, and only ONE email address can be linked to any ONE ID number. If you try to register more than one email address, this will again lock you out due to cyber security protocols.
